Subject Index to Volume 199 (January–June 1984)

A

Abdomen
  elevated pressure in, affecting renal function, 28
  pain in, in AIDS patient, 332
  re-exploration of, in sepsis, 31
  stab wounds in, 549
  surgery of, and risks in cirrhotic patients, 648
  trauma of, celiotomy in, 467
Adrenal gland
  hyperadrenalism in childhood, 538
  masses incidentally discovered in, 116
Age, and aortic valve replacement, 733
AIDS patients, abdominal pain in, 332
Alveolar ridge carcinoma, mandibular and maxillary, 445
Amino acid branched chain solutions, for nutritional support, 286
Amputations, in femoral vascular injuries, 241
Anergy, and postoperative outcome, 438
Aneurysm
  of abdominal aorta, and coronary artery disease, 223
  aortic arch, 742
  false femoral anastomotic, 703
  in umbilical vein grafts, 61
Aneurysmectomy, abdominal aortic, cardiovascular stability in, 216
Angina-like pain, in esophageal disorders (*Letters*), 123
Angiography, digital venous, in trauma, 710
Angioplasty
  complications of, 234
  distal vein patch with PTFE grafts, 684
Animal studies
  bacterial trapping in jaundice, 14
  chemotherapy affecting wound healing, 782
  effects of peritoneal fluid in peritonitis, 37
  limb allografts with cyclosporin A, 211
  Nd-YAG laser in pulmonary neoplasms, 526
  tumor and host carcass changes during total parental nutrition, 205
Antibiotics, prophylactic
  and postoperative wound sepsis, 253
  and response to warfarin anticoagulation, 107
Anticoagulants, prophylactic antibiotics affecting response to, 107
Anus
  carcinoma of Crohn's disease, 348
  function preservation after excision in Bowen's disease, 563
  sphincter injury repair, 351
Aorta
  abdominal
    aneurysm of, and coronary artery disease, 223
    aneurysmectomy affecting cardiac function, 216
  bypass grafts in childhood, 244
  total replacement in chronic dissection, 358
Aortic arch aneurysm, 742
Aortic valve replacement
  in elderly and young patients, 733
  St. Jude prosthesis in, 753
Aortofemoral bypass, and development of false anastomotic aneurysms, 703
Apnea in sleep, and surgery for obesity, 112
Arterial infections, and timing of remote bypass placement, 669
Aspiration cytology, in breast cancer, 569
Atresia, esophageal, surgical results in, 532

B

Biliary tract
  cancer of extrahepatic ducts, resectional and bypass treatments in, 623
  endoscopic retrograde cholangiopancreatography, 21
  gallstone pancreatitis, endoscopic papillotomy in, 165
  obstructive jaundice
    bacterial trapping in, 14
    and postoperative gastrointestinal bleeding, 271
  strictures of, and balloon dilatation through choledochojejunocutaneous fistula, 637
Billroth gastrectomy, and cholecystokinin levels in plasma, 276
Biodegradation, in umbilical vein grafts, 61
Biopsy, aspiration, of breast lesions, 569
Blood transfusions
  leukocyte extracts affecting skin graft survival, 79
  in postoperative gastrointestinal bleeding, 271
Book reviews, 249, 374, 482
Bowen's disease of anus, and function preservation after excision, 563
Breast cancer
  and chemotherapy affecting wound healing, 782
  fine needle aspiration cytology in, 569
  Halsted radical mastectomy in, 143
  interpectoral lymph node metastasis in, 266
  in young women, 133
Bronchoscopy
  and carbon dioxide laser therapy, 522
  preoperative, in esophageal atresia, 532
Buffalo chest, iatrogenic, after subclavian catheterization, 372
Burns, fibronectin deficiency in, reversal of, 87
Bypass surgery
  aortic, in childhood, 244
  biliary, in pancreatic carcinoma, 1
  cardiopulmonary, pancreatitis after, 168
  coronary artery, and aortic valve replacement, 733
  and femoral anastomotic false aneurysms, 703
  gastric, in obesity
    results of, 555
    in sleep apnea, 112
  hepatorenal, 406
  PTFE grafts in
    distal vein patch angioplasty with, 684
    in femoropopliteal reconstruction, 57
  remote prosthetic placement before removal of infected artery, 669

C

Calcitonin levels, in medullary thyroid carcinoma, 461
Calculi
  common bile duct, endoscopic retrograde cholangiopancreatography in, 21
  and gallstone pancreatitis, endoscopic papillotomy in, 165

Carbon dioxide laser therapy, bronchoscopic, 522
Carcinoembryonic antigen in colorectal cancer, prognostic significance of, 375
Carcinoid syndrome, and hemodynamic effects of serotonin and substance P, 197
Carcinoma
  adrenal, in childhood, 538
  anal
    in Crohn's disease, 348
    and function preservation after excision, 563
  of bile ducts, extrahepatic, resectional and bypass treatments in, 623
  of breast. *See* Breast cancer
  colorectal. *See* Colorectal cancer
  gastric, early, 604
  of liver, cirrhosis with, limited resection in, 51
  of palate, squamous cell, 445
  of pancreas
    comparison of treatment procedures in, 1
    regional pancreatectomy in, 418
  renal cell, and occlusion of retrohepatic vena cava, 656
  thyroid medullary, calcitonin levels in, 461
Cardiopulmonary bypass, pancreatitis after, 168
Carotid artery
  common, occlusion of, distal vessels in, 363
  internal, stenosis of, Doppler frequency analysis in, 475
Catheterization, subclavian vein, bilateral pneumothoraces from, 372
Cefamandole, prophylactic, and response to warfarin anticoagulation, 107
Celiotomy
  in abdominal trauma, 467
  in cirrhotic patients, 648
Cerebrovascular disease, coronary artery disease with, 223
Chemotherapy
  affecting wound healing, 782
  intrahepatic, in liver metastases, 317
  and radiation in pelvic rhabdomyosarcoma, surgery with, 509
Chest pain in esophageal disorders (*Letters*), 123
Chest wall reconstruction, 725
Children
  aortic bypass grafts in, 244
  gastrin production in, 389
  hyperadrenalism in, 538
  late cardiac tamponade in, 173
  necrotizing fasciitis after neonatal omphalitis, 101
  pancreatitis in, chronic relapsing, 610
Cholangiopancreatography, endoscopic retrograde, 21
Cholangitis, sclerosing, and balloon dilatation of strictures through choledochojejuno-cutaneous fistula, 637
Cholecystokinin levels, after gastrectomy, 276
Choledochojejuno-cutaneous fistula, balloon dilatation of biliary strictures through, 637
Choledocholithiasis, endoscopic retrograde cholangiopancreatography in, 21
Cirrhosis
  in cancer of liver, limited resection in, 51
  and hemodynamic effects of vasopressin, 176
  and risk factors in celiotomy, 648
  and umbilical hernia repair, 325
Colitis, ulcerative
  endorectal ileal pullthrough in, 151
  restorative proctocolectomy in, 383
Colon surgery
  morbidity from emergency operations, 598
  wound infection after, 260
Colorectal cancer
  liver metastases in, 502
    intrahepatic chemotherapy in, 317
    resection of, 182, 306
  and prognostic significance of carcinoembryonic antigen levels, 375
Coronary artery disease
  and bypass surgery with aortic valve replacement, 733
  in peripheral vascular patients, 223
Crohn's disease
  anal carcinoma in, 348
  postoperative recurrence of, 340
Cushing's disease in childhood, 538
Cyclosporin A, limb allografts with, 211
Cyst
  hydatid, of liver, 412
  neoplastic, of pancreas and liver, 158
Cytology, fine needle aspiration, in breast lesions, 569
Cytotoxic therapy, affecting wound healing, 782

D

Digital venous angiography, in trauma, 710
Doppler frequency analysis of carotid stenosis, 475
Drug abuse, and soft tissue infections, 97

E

Echinococcal disease of liver, 412
Emergency operations, in colorectal disease, morbidity from, 598
Endocrine tumors, cystic, in pancreas and liver, 158
Endoscopy
  bronchoscopic. *See* Bronchoscopy
  in foreign body ingestion, 187
  and papillotomy in gallstone pancreatitis, 165
  in retrograde cholangiopancreatography and sphincterotomy, 21
Energy expenditure, in cancer patients, 293
Enteritis, regional
  anal carcinoma in, 348
  postoperative recurrence of, 340
Esophagitis, intractable, 580
Esophagus
  atresia of, surgical results in, 532
  disorders with chest pain (*Letters*), 123
  leiomyoma of, 246
  reconstruction with free jejunal graft, 762
  stapling device for (*Letters*), 486

F

Fasciitis, necrotizing, after neonatal omphalitis, 101
Fat ingestion, and cholecystokinin levels after gastrectomy, 276
Femoral anastomotic false aneurysms, 703
Femoral vascular injuries, amputations in, 241
Femoropopliteal bypass grafts, PTFE in, 57
Fibronectin deficiency, reversal of, 87
Fistulas
  aortoenteric, and timing of remote bypass placement, 669
  pharyngoesophageal, free jejunal graft in, 762
Foreign bodies, ingestion of, 187

Fundoplication, posterior gastropexy with, in intractable esophagitis, 580

G

Gallstones, pancreatitis with, endoscopic papillotomy in, 165
Gastrectomy, and cholecystokinin levels in plasma, 276
Gastric bypass in obesity
  results of, 555
  in sleep apnea, 112
Gastric inhibitory polypeptide secretion, after pancreatoduodenectomy, 281
Gastrin production, in infants, 389
Gastroesophageal reflux, and management of intractable esophagitis, 580
Gastrointestinal tract
  anal carcinoma in Crohn's disease, 348
  anal function after excision for Bowen's disease, 563
  bleeding in upper tract, 271
  early gastric cancer, 604
  esophageal atresia, 532
  foreign body ingestion, 187
  gastrectomy affecting cholecystokinin levels, 276
  gastrin production in infants, 389
  Hirschsprung's disease, 400
  intractable esophagitis, 580
  jejunal graft for pharyngoesophageal reconstruction, 762
  melanoma of, 328
  morbidity of emergency colorectal surgery, 598
  peptic ulcer. *See* Ulcer, peptic
  postoperative recurrence of Crohn's disease, 340
  ulcerative colitis
    endorectal ileal pullthrough in, 151
    restorative proctocolectomy in, 383
  wound infection after colon surgery, 260
Gastrojejunostomy, Roux-en-Y, and vagotomy-antrectomy in ulcers, 590
Gastropexy, posterior, fundoplication with, in intractable esophagitis, 580
Grafts
  arterial, infected, and timing of remote bypass placement, 669
  in bypass procedures. *See* Bypass surgery
  jejunal, in esophageal reconstruction, 762
  limb allografts with cyclosporin A, 211
  parathyroid, assessment of, 192
  renal. *See* Kidney, transplantation of
  of skin, leukocyte extracts affecting, 79
  umbilical vein, aneurysm formation in, 61
Gunshot wounds, civilian, in urban centers, 717

H

Halsted radical mastectomy, in breast cancer, 143
Heart
  civilian injuries in urban centers, 717
  function during abdominal aortic aneurysmectomy, 216
  late tamponade in children, 173
  pancreatitis after surgery of, 168
  valve replacement
    aortic, in elderly and young patients, 733
    and prophylactic antibiotics affecting response to warfarin, 107
    St. Jude prosthesis in, 753
Hemodynamic effects
  of aortic valve replacement, 733
  of pancreatitis (*Letters*), 496
  of serotonin and substance P levels in carcinoid syndrome, 197
  of vasopressin in liver disease, 176
Hemorrhage, gastrointestinal
  in chronic bleeding peptic ulcers, 44
  postoperative, 271
Hepaticojejunostomy, in high bile duct cancer, 623
Hernia, umbilical, repair in cirrhotic patients, 325
Hirschsprung's disease, 400
Home health care, and ambulatory total parenteral nutrition, 770
Hospitals
  department chairmen in, 491
  documentation of care in, 515
Hydatid disease of liver, 412
Hypersensitivity, delayed, and postoperative outcome, 438
Hypertension, portal, and hemodynamic effects of vasopressin, 176

I

Ileal reservoir
  mucosal proctectomy with, 151
  restorative proctocolectomy with, 383
Ileoanal anastomosis, endorectal, in ulcerative colitis, 151
Immune deficiency syndrome, acquired, abdominal pain in, 332
Immunocompetence, and postoperative outcome, 438
Infections
  arterial, and timing of remote bypass placement, 669
  and bacterial trapping in obstructive jaundice, 14
  and effects of peritoneal fluid in peritonitis, 37
  intra-abdominal, re-operation for, 31
  necrotizing fasciitis after omphalitis, 101
  in parenteral drug abusers, 97
  postoperative, 253
    in celiotomy in cirrhotic patients, 648
    in colon surgery, 260
    in emergency colorectal surgery, 598
    immune competence affecting, 438
  and prophylactic antibiotics affecting response to warfarin, 107
  and reversal of fibronectin deficiency, 87
Intubation, nasotracheal, occurrence with small-diameter feeding tubes, 104
Iodine-125 implantation, in pancreatic carcinoma, 1
Ischemia of lower extremity
  and coronary artery disease, 223
  tibial artery thromboembolectomy in, 367

J

Jaundice, obstructive
  bacterial trapping in, 14
  and postoperative gastrointestinal bleeding, 271
Jejunal graft, in pharyngoesophageal stricture, 762

K

Kidney
  elevated abdominal pressure affecting, 28
  hepatorenal revascularization, 406

transplantation of
double, from pediatric cadavers (*Letters*), 124
positive B cell crossmatch in, 75
renal artery stenosis in, 454
tumors involving inferior vena cava, 656

L

Laparotomy, exploratory, in abdominal stab wounds, 549
Laser therapy
carbon dioxide, bronchoscopic, 522
Nd-YAG in pulmonary neoplasms, 526
Leiomyoma of esophagus, 246
Letters to the editor, 123, 486
Leukocyte extracts, and skin graft survival, 79
Liver
cirrhosis as risk in abdominal procedures, 648
cystic neuroendocrine neoplasms of, 158
diseases of, and hemodynamic effects of vasopressin, 176
hepatorenal revascularization, 406
hydatid disease of, 412
limited resection in cancer with cirrhosis, 51
metastases from colorectal cancer, 502
intrahepatic chemotherapy in, 317
resection of, 182, 306
umbilical hernia repair in cirrhosis, 325
Lung tumors, laser therapy in, 526
Lymph nodes, interpectoral, metastases in breast cancer, 266

M

Marfan's syndrome, total aortic replacement in, 358
Mastectomy, radical
and excision of interpectoral lymph nodes, 266
experience with, 143
Medical schools, department chairmen in, 491
Melanoma, gastrointestinal, 328
Metabolism
and energy expenditure in cancer patients, 292
in stress, and amino acid support solutions, 286
Metastasis
to interpectoral lymph nodes in breast cancer, 266
to liver, from colorectal cancer, 502
intrahepatic chemotherapy in, 317
resection of, 182, 306
Mitral valve replacement, St. Jude prosthesis in, 753
Mortality rate
in celiotomy in cirrhotic patients, 648
in emergency colorectal surgery, 598
Muscle or musculocutaneous flaps, in chest wall reconstruction, 725

N

Nasotracheal intubation, occurrence with small-diameter feeding tubes, 104
Necrotizing fasciitis, after neonatal omphalitis, 101
Neuroendocrine tumors, cystic, in pancreas and liver, 158
Nitroprusside, vasopressin with, and hemodynamics in liver disease, 176
Nutrition
branched chain metabolic support in, 286
and energy expenditure in cancer patients, 293
and postoperative outcome, 299
and small-diameter feeding tube complications, 104
total parenteral
in ambulatory home treatment, 770
and changes in tumors and host carcass, 205

O

Obesity, gastric bypass in
results of, 555
in sleep apnea, 112
Omphalitis, necrotizing fasciitis after, 101
Opsonic deficiency, reversal of, 87

P

Pain
abdominal, in AIDS patient, 332
angina-like, in esophageal disorders (*Letters*), 123
Palate, squamous cell carcinoma of, 445
Pancreas
carcinoma of, comparison of treatment procedures in, 1
cystic neuroendocrine neoplasms of, 158
endoscopic retrograde cholangiopancreatography, 21
multiple pseudocyst disease of, 6
resection in acute fulminant pancreatitis, 426
splenopancreatic disconnection in selective variceal decompression, 694
Pancreatectomy, regional, 418
Pancreaticoduodenal resection, 432
radical, and gastric inhibitory polypeptide secretion, 281
Pancreaticojejunostomy, longitudinal, in childhood, 610
Pancreatitis
acute fulminant, 426
after cardiopulmonary bypass, 168
chronic relapsing, in childhood, 610
gallstone, endoscopic papillotomy in, 165
hemodynamic effects of (*Letters*), 486
Papillotomy, endoscopic, in common bile duct stones, 21
Parathyroid grafts, assessment of, 192
Pediatric patients. *See* Children
Pelvic rhabdomyosarcoma, management of, 509
Peptic ulcer. *See* Ulcer, peptic
Peritoneal lavation, in acute fulminant pancreatitis, 426
Peritonitis, effect of peritoneal fluid in, 37
Pneumothorax, bilateral, from subclavian catheterization, 372
Polyposis of colon
endorectal ileal pullthrough in, 151
restorative proctocolectomy in, 383
Presidential Address, 491
Pressure, intra-abdominal, elevated, affecting renal function, 28
Proctectomy, mucosal, ileal reservoir with, 151
Proctocolectomy, restorative, with three-loop ileal reservoir, 383
Prostheses
arterial, infected, 669
cardiac valvular
age affecting results with, 733
and prophylactic antibiotics affecting response to warfarin, 107
St. Jude, 753
PTFE grafts
with distal vein patch angioplasty, 684
in femoropopliteal reconstruction, 57

Pseudocyst, pancreatic, multiple, 6
PTFE grafts
with distal vein patch angioplasty, 684
in femoropopliteal reconstruction, 57

R

Radiation with chemotherapy, in pelvic rhabdomyosarcoma, surgery with, 509
Radioiodine implantation, in pancreatic carcinoma, 1
Re-exploration, abdominal
in elevated intra-abdominal pressure, 28
in sepsis, 31
Reflux, gastroesophageal, and management of intractable esophagitis, 580
Renal artery stenosis, in transplant patients, 454
Revascularization
hepatorenal, 406
priority in removal of infected arteries, 669
Rhabdomyosarcoma, pelvic, management of, 509
Rotter's nodes, metastases to, in breast cancer, 266
Roux-en-Y gastrojejunostomy, and vagotomy-antrectomy in ulcers, 590

S

St. Jude cardiac valve prosthesis, 753
Sciatic artery, persistence of, 69
Sepsis. *See* Infection
Serotonin levels in carcinoid syndrome, hemodynamic effects of 197
Skin
delayed hypersensitivity testing, and postoperative outcome, 438
graft survival affected by leukocyte extracts, 79
Sleep apnea, and surgery for obesity, 112
Smoking, and development of anastomotic false aneurysms, 703
Sphincterotomy, endoscopic, 21
Splenectomy, and selective shunts for variceal bleeding, 694
Stab wounds
abdominal, 549
civilian, in urban centers, 717
Stapling device, esophageal (*Letters*), 486
Stomach
bypass in obesity
results of, 555
in sleep apnea, 112
early cancer of, 604
Strictures
biliary, balloon dilatation through choledochojejuno-cutaneous fistula, 637
pharyngoesophageal, free jejunal graft in, 762
Subclavian vein catheterization, bilateral pneumothoraces from, 372
Substance P levels, in carcinoid syndrome, hemodynamic effects of, 197

T

Tamponade, cardiac, late, in children, 173
Thoracic wall reconstruction, 725
Thromboembolectomy, tibial artery, 367
Thyroid carcinoma, medullary, calcitonin levels in, 461
Tibial artery thromboembolectomy, 367
Tracheobronchial lesions
bronchoscopic carbon dioxide laser therapy in, 522
Nd-YAG laser therapy in, 526
Transfusions
leukocyte extracts affecting skin graft survival, 79
in postoperative gastrointestinal bleeding, 271
Trauma
abdominal
celiotomy in, 467
stab wounds, 549
anal sphincter injury repair, 351
civilian injuries in urban centers, 717
digital venous angiography in, 710
of femoral vessels, amputations in, 241
fibronectin deficiency in, reversal of, 87
Tumors
adrenal
in childhood, 538
masses incidentally discovered, 116
alveolar ridge and palate carcinoma, 445
of breast. *See* Breast cancer
calcitonin levels in medullary thyroid carcinoma, 461
carcinoma. *See* Carcinoma
changes during total parenteral nutrition, 205
and chemotherapy affecting wound healing, 782
colorectal. *See* Colorectal cancer
cystic endocrine neoplasms of pancreas and liver, 158
energy expenditure in cancer patients, 292
gastrointestinal melanoma, 328
leiomyoma of esophagus, 246
metastasis of. *See* Metastasis
and occlusion of retrohepatic inferior vena cava, 656
pelvic rhabdomyosarcoma management, 509
pulmonary, laser therapy in, 526

U

Ulcer, peptic
chronic bleeding, 44
recurrence after vagotomy, 393
vagotomy-antrectomy and Roux-en-Y gastrojejunostomy in, 590
Ulcerative colitis
endorectal ileal pullthrough in, 151
restorative proctocolectomy in, 383
Umbilical vein grafts, aneurysm formation in, 61
Umbilicus
hernia repair in cirrhosis patients, 325
infection of, necrotizing fasciitis after, 101

V

Vagotomy
antrectomy with, and Roux-en-Y gastrojejunostomy in ulcers, 590
highly selective, and peptic ulcer recurrence, 393
Valve replacement, cardiac
age affecting, 733

and prophylactic antibiotics affecting response to warfarin, 107
St. Jude prosthesis in, 753
Vancomycin, prophylactic, and response to warfarin, 107
Variceal bleeding, postsplenectomy, selective shunts in, 694
Vasculature
amputations in femoral vascular injuries, 241
aneurysms of. *See* Aneurysm
angioplasty complications, 234
aorta. *See* Aorta
bypass procedures. *See* Bypass surgery
civilian injuries in urban centers, 717
coronary artery disease in peripheral vascular patients, 223
digital venous angiography in trauma, 710
distal vein patch angioplasty with PTFE grafts, 684
distal vessels in common carotid occlusion, 363
Doppler frequency analysis of carotid stenosis, 475
femoral anastomotic false aneurysms, 703
infected arteries or arterial prostheses, 669
persistent sciatic artery, 69
renal artery stenosis in transplant patients, 454
selective shunts for postsplenectomy variceal bleeding, 694
tibial artery thromboembolectomy, 367
Vasopressin, hemodynamic effects in liver disease, 176
Vena cava, inferior, retrohepatic occlusion of, 656

W

Warfarin, prophylactic antibiotics affecting response to, 107
Wound healing, chemotherapy affecting, 782
